

# 2009-2010 Equipment Training Series

Pentair Dates & Locations

# 2009 - 2010 Equipment Training Workshop Series

## Topics Include:

- Advanced water features
- Automatic chlorine generation
- Automation
- Basic electrical theory
- Basic hydraulics and equipment sizing
- LED and halogen lighting safety & installation
- Heater installation & repair
- Heat pump installation and operation
- Variable frequency drive pumps

We've packed our workshops with new information about the latest developments in controls, pumps, heaters, lighting, filtration, water features and chlorine generation. Our experienced instructors and detailed course materials and training aids will give you the real-world techniques and know-how to specify, install, troubleshoot and service today's most advanced pool equipment.

### What you'll receive:

A training kit that includes course outlines and manuals, a calculator, pen, specialty tool assortment and magnifying ruler. Course outlines have been painstakingly developed to serve not only as education tools but also as valuable field guides.

Workshops are offered in one-day and two-day formats. Topics presented at any particular workshop are based on the length of the workshop and regional requirements.
