THE NEXT EVOLUTION OF LIGHTING.

Our Universal ColorLogic® (UCL) LED lights retrofit in virtually any existing residential in-ground pool or spa. Designed for builders to deliver the best experience for pool owners, LED pool lights are UL Listed for safe installation in nearly any manufacturer's niche.

KEY FEATURES

- » **Industry-leading color** setting a new standard with our wide selection of hues. Enjoy deeper, richer colors that bring out the beauty of your surroundings.
- » **Detachable cord*** for ease of installation and service.
- » **Targeted light distribution** prevents glare from above while also enhancing the distance of the light, creating a uniformly illuminated environment.
- » **Totally encapsulated electronics*** for next-level durability that ensures your light can withstand even the harshest conditions, making it ideal for any environment.
- » **Industry-first adjustable lower catch*** simplifies installation with the ability to overcome variations in plaster thickness.
- » **Stainless steel trim** option included for design flexibility.

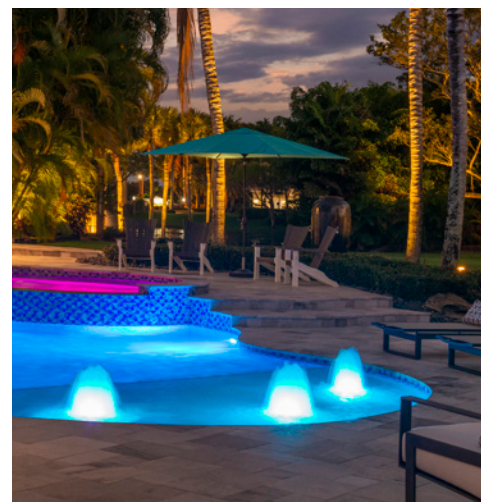

UNLOCK EVEN MORE FEATURES WITH HAYWARD OMNI®.

With the addition of OmniDirect Mode™, Hayward LED pool bulbs are optimized for use with Omni automation systems, providing more control than ever. Features of OmniDirect Mode include:

- » Instant navigation to desired colors or light shows (no more cycling through every option)
- » Dimming capabilities (20% increments)
- » Speed adjustment for light shows
- » Access to 10 additional colors for increased customization opportunities (special occasions, sports teams, school colors and more)
